

UNFORGETTABLE EXPERIENCES IN RHODE ISLAND

This summer vacation, I went to Rhode Island to study abroad for one month. Rhode Island is a state in the New England region of the United States, which has good weather and beautiful views.

You can see clean and clear sea, and people of all ages are so leisure and pleasant on the beach. So my friend and I took off our shoes and changed into flip flops, and walked into the sea to enjoy ice-cold water. It's a wonderful day with good friends, blue sky and clear sea.

Reviewing all the experiences I have had, the most interesting and impressive activity is kayaking. My partner and I do our best to exceed everyone, but after that we are too tired to draw back to ashore. Thanks to one of our kind friend let us grab the edge of his kayak, so that we can go back to ashore safely.

Sometimes, after class I will lie on the grass and watch the sky with my friends. In Taiwan, we seldom have time or willing to look up on the sky. Because of the free evening, we have chance to enjoy this beautiful view and comfortable moment.

I appreciated that I have a chance to go to Rhode Island to experience this unforgettable journey.

This trip is not only for fun, but also for getting more independence.
